Mr. Robbins noted their annual retreat is coming up in February and hopes to see everyone there. Mr. Robbins noted if anyone has any issues to discuss at this event just let him know so it can be added. Continued Minutes 1/21/15

Mr. Robbins also noted upcoming events the Chamber is sponsoring are: Wedding Forum on February 5<sup>th</sup>, Breakfast at the Mimslyn meeting the new owners of the radio station on February 12<sup>th</sup> and a Cabin Renting Forum on March 26<sup>th</sup>. Mr. Robbins also noted that in 2014 there were 18,600 Walk-ins and 57,000 hits on their website and new visitors.

Mr. Robbins noted the Mud Race the Chamber hosted took a lot of work and that you needed many, many volunteers to make this event possible. Mr. Robbins noted they did make some money on the race and would be glad to help support the town in any way if they decide to have one. Mr. Robbins noted to keep them in the loop letting them know as soon as possible. Town Manager Pettit noted the possibility of having a ½ marathon. Mr. Robbins noted this was also a lot of work but he did not know of anyone having one any time soon.

Mayor Purdham then recognized the residents from Pettit Drive and inquired if they had a spokesperson. Cindy Tate noted they are very upset with the situation over the Family Dollar locating on their street. Mrs. Tate noted they want to see the plans for the building, outside lighting, privacy borders, trafficking issues and the biggest issue is the water run-off problem. Mrs. Tate noted most all of the residents have water issues having soft to almost muddy yards and sump pumps running and with this store going in will make them run constantly. Mr. Pettit noted that the County Building Inspector guarantees there will not be any more water after the store is built than before. Mr. Pettit noted he would meet them on Thursday to discuss these issues when they meet with Mr. Fox. Mr. Pettit noted the planned entrance to the store will be off Hwy 340 and that the town can also request this as the entrance for all stores at this location. Mayor Purdham noted if after the meeting on Thursday if they are not satisfied the town will set up a meeting in the evening to address their concerns. Mr. Larry Owens noted the water problems at the corner of his lot, which is in front of Pettit Drive, is because the ditch is not always kept free of debris and it is not large enough to handle the much water. The residents thanked the body for allowing them this time and they left the meeting at 8:15 pm.

Mayor Purdham noted it was time for Old Business.

Town Manager Pettit noted the meeting with VDOT about the Enhancement Grant went well but there are several items we need to get certification that they were made in the USA.

Passed Unanimously.

Mr. Pettit noted as we heard earlier about the concerns about excessive water on Pettit Drive. Mr. Pettit noted there are other areas with water problems such as: Al Good Drive and Roundhead Drive. Mr. Pettit noted VDOT will not help and the town can't help one without helping all. Mr. Pettit noted he would like to find a way to help with this problem. Councilman Uram noted he would look into the possibility of a finding a grant that would fix these problems at no cost to anyone.

Mr. Pettit noted he had received word from Virginia Office of Drinking Water that the Town has been awarded a grant up to \$50,000.00 for the selection of Water Storage Tank No #3 and the design of plans or the water line to Well #7. Mr. Pettit noted Anderson and Anderson Associates helped him complete the paperwork for the grant and it is a 100% grant costing the town no out of the pocket expense. Town Manager noted he would need a motion to accept this grant. Motion was made by Martha Graves, seconded by Mike Knight to accept the grant which is for the design phase only. Passed Unanimously.

Mr. Pettit noted after nearly two years Shenandoah Valley Electric is ready to begin the West Main Street Improvement Project replacing poles moving them out of the sidewalks. Mr. Pettit noted this will open up the entire sidewalk to people walking.

Town Manager Terry Pettit noted he had been working with the Police Department on three Town Code Violations. Mr. Pettit noted the violations included a barking dog, inoperative vehicles and no zoning permit.

Motion was made by Bruce Stoneberger, seconded by Martha Graves to proceed with this process. Passed Unanimously.

Continued Minutes 1/21/15

Town Manager Terry Pettit noted he had advised Council about the possibility of him having a Mud Race. Mr. Pettit noted the Chamber was here earlier and offered help if we decided to host this event or to have a ½ marathon. After some discussion Mayor Purdham noted he would like to have the Recreation Committee meet with Mr. Pettit and Mr. Short to discuss this matter further.

Recreation Director Short noted he is having a lot of problems at the pool. Mr. Short continued to note the tarp has fallen into the pool because of losing water. Mr. Short noted he was thinking the pool is losing water around the lights. Mr. Short noted if this is happening this can be fixed rather easily with some plaster but it could be a leak in the skimmers which ever it may be we will have to refill, add dye and check. Mr. Short noted it could also be a leak in the

main drain which runs to the pump house. Mr. Short noted we have to find the problem before this year's season.

Mr. Short noted he has gotten prices on replacing the filters at the pool and the least was from Best Water Solution being \$23,000.00. Mr. Short noted Olympia Pools quote was \$48,665.00.
